

PRODUCT SPECIFICATION

Matt Translucent Polyester Permanent

Description

- Stabilised translucent matt finish polyester film.
- Waterproof and tear resistant for durable long life labelling.
- Permanent acrylic emulsion adhesive.
- Minimum application temperature: +5°C
- Temperature range: -5°C to +100°C

The adhesive in combination with the polyester film makes the product particularly suitable for labelling applications requiring a waterproof, long life solution.

The product complies with BSEN 71-3:1995. Incorporating Amendment No 1 (European Standard on safety of toys) No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm.
