

# PRODUCT SPECIFICATION

## Matt White Polyester Permanent

### Description

- Stabilised white matt finish polyester film.
- Waterproof and tear resistant for durable long life labelling.
- Minimum application temperature: +5°C
- Temperature range: -5°C to +100°C

The adhesive in combination with the polyester film makes the product particularly suitable for labelling applications requiring a waterproof, long life solution. The product complies with BSEN 71-3:1995.

Incorporating Amendment No 1 (European Standard on safety of toys) No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm.

### Laminate Information

Thickness: 160 mic

Weight: 200 gsm

### Backing

Stabilised coated polyester to give maximum stability to the laminate.

### Printing Compatibility
