

PRODUCT SPECIFICATION

Gloss Clear Polyester (IDP) Super removable 'cling' adhesive

Description

- Stabilised gloss clear finish polyester film.
- Waterproof and tear resistant for durable long life labelling.
- Super removable acrylic emulsion 'cling' adhesive.
- Minimum application temperature: +5°C
- Temperature range: -7°C to +50°C

This super removable adhesive sticks to glass, paint, metal or any smooth, dry, non porous surfaces. It removes cleanly leaving no residue and is excellent for surfaces requiring regular cleaning (e.g. windows, display surfaces, tiles, mirrors) as it can be re-applied. Unlike other materials available that rely on static attraction to the surface this very special adhesive means that materials can be die cut into labels. The product complies with BSEN 71-3:1995. Incorporating Amendment No 1 (European Standard on safety of toys) No heavy metals are used in the manufacturing process and typical contents are less than 1 ppm.

Laminate Information

Thickness: 160 mic

Weight: 200 gsm

Backing

Stabilised coated polyester to give maximum stability to the laminate

Printing Compatability
